Hello [REDACTED]

Thanks so much for sending over the results of the online survey around modernizing the Privacy Act in response to my ATIP request.

I'm wondering if it would be possible to receive the data in a different file format? It's very hard to parse the data in PDF format and an excel or spreadsheet file format would be much more useful.

Thanks very much for your consideration,

Bryan

Good afternoon Mr. Short,

Thank you for your email.

I verified with our system administrator, and since the record is quite large and contains a large number of columns, we are limited on how much information (or in this case, how many columns) we can fit onto each page. Unfortunately, our system does not allow us to provide the information to you in another view, such as in an excel spreadsheet format.

Thank you,

Hello [redacted]

That is very unfortunate and I feel this is a violation of section 12 (3) (a) of the Access to Information Act. It may also amount to a deemed refusal to release the records as they are completely inaccessible in a flattened PDF format. I've filed a complaint with the Office of the Information Commissioner.

Good afternoon Mr. Short,

Please see attached the excel document for your request provided in accordance with paragraph 8(1) of the *Access to information Regulations*.

You will note that the information included in column C,D,J and BP were removed from the excel spreadsheet in order to respect redactions applied in the original release package sent in June 2021, redactions that were applied under section 19(1) and section 21(1)(b) of the Act.

I hope this would help,

Hello [REDACTED]

Thank you for your email. As you'll see in the above thread, [REDACTED] said the system administrator was previously unable to provide the requested documents in this format. I'm curious about what has changed, over the course of the last year, to now allow for you to provide this information in this format?

Bryan

Hi Bryan,

Once a request is closed we don't look at it again. The OIC reached out to me last week and we found a turnaround to accommodate you.

Thank you,
