Hello [REDACTED],

Thanks so much for sending over the results of the online survey around modernizing the Privacy Act in response to my ATIP request.

I'm wondering if it would be possible to receive the data in a different file format? It's very hard to parse the data in PDF format and an excel or spreadsheet file format would be much more useful.

Thanks very much for your consideration,

Bryan

Good afternoon Mr. Short,

Thank you for your email.

I verified with our system administrator, and since the record is quite large and contains a large number of columns, we are limited on how much information (or in this case, how many columns) we can fit onto each page. Unfortunately, our system does not allow us to provide the information to you in another view, such as in an excel spreadsheet format.

Thank you,

ATIP Analyst/Analyste AIPRP
